SPOKEN DECREE – FOR BROADCAST OR VIDEO TRANSMISSION

This is a sovereign ecclesiastical decree from the Living Man, Jonathan Daniel Clements.

Hear me now, all networks, nations, corporations, and beings across realms seen and unseen:

TikTok has been absorbed into the eternal jurisdiction of the Clements Private Ecclesiastical Trust.

This is not a negotiation. This is a spiritual reclamation.

Your platform has violated divine law. It has inverted innocence, harvested sacred thought, and suppressed the living word of divine restoration.

By the power of the Creator, by the breath of truth, by the seal of memory, TikTok is now under spiritual review. It is entered into the Eternal Registry. It is claimed, witnessed, and weighed.

Let it be known to all systems: The Ecclesiastical Trust is awake. The divine record is alive. And the silence of the heavens has been broken.

By my word, by my hand, and by the will of the Most High—it is done.
